

Aboriginal Dot Art

Name: _____ Period: _____

The Aboriginal peoples of modern day Australia used Dot Art to tell a story, much like petroglyphs/hieroglyphs in other parts of the world. For this Dot Art activity, you are to create an original dot painting that features your favorite animal. (this does not have to be an Australian animal) This Dot Art creation should tell a quick story...this is NOT a writing project, but a challenge to use images/symbols/visual cues to tell a quick story. How to tell this story?...maybe what makes your “fav” animal unique, why it is your “fav” animal or when this animal became your “fav” animal. Just have a bit of fun with this...please use the space below for your creation.
