

MIDDLE EAST VIOLENCE

ISRAELIS VS. PALESTINIANS

WHAT IS THE PROBLEM?

BASICALLY - A LAND DISPUTE!

WHAT
LAND?

ISRAEL

ISRAELIS POINT OF VIEW

Israelis and most of the non-Arab/Muslim world (including the USA) believe the land of Israel is the ancient and present-day homeland of Jews.

PALESTINIAN POINT OF VIEW

Palestinians and the Arab world believe the land is Palestine...a land rightfully and historically belonging to Palestinian Arabs.

ROOT OF THE **PROBLEM**

- 1) Palestinians believe their country was stolen from them in 1948 (post holocaust)
- 2) **1948** - year **Israel** was established as a Jewish modern day nation
- 3) Arab world vowed to destroy Israel...and anyone who supports them...meaning the **USA!**

DEEPER UNDERSTANDING

ISRAELIS = Jewish/Christian Faiths

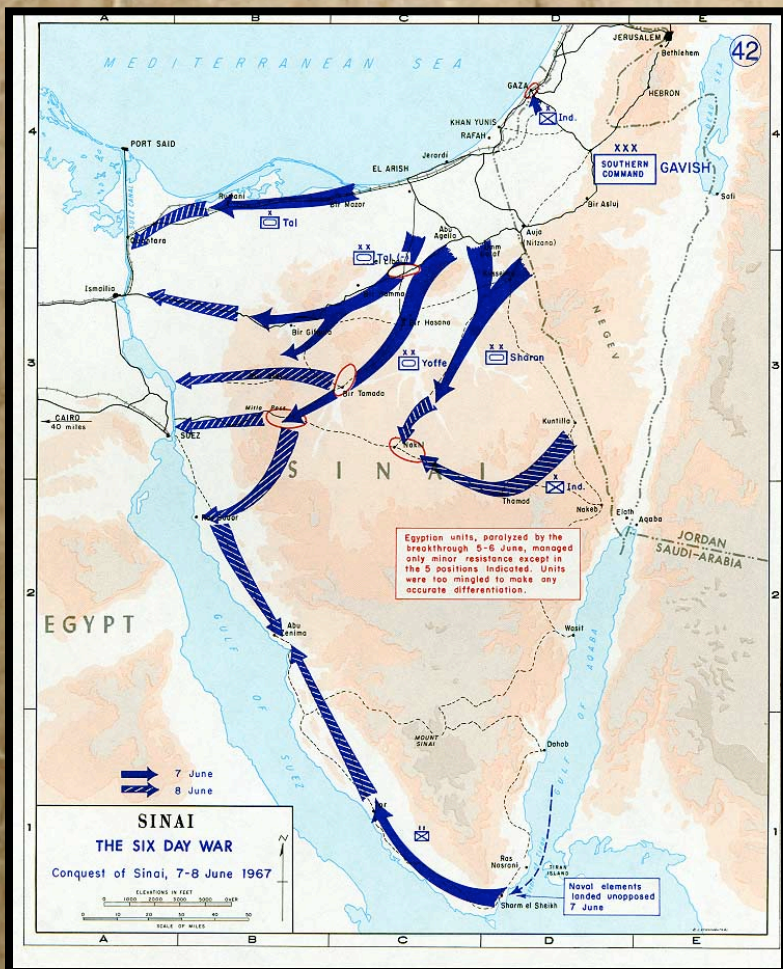

Palestinians = follow Islamic faith

One can easily see why we, the United States and the Free World (other democratic allies), have problems throughout the Middle East...based on US support of Israel
